

SPRING - SUMMER 2021 PROGRAM GUIDE

girl scouts 
of black diamond

How to Use this Guide

Through Girl Scouting, you can do anything! The activities in this guide are designed to help you try new things. Use these tips and tricks to help you and your troop plan for a year of fun and adventure with Girl Scouts.

1	Look through the guide on your own, selecting program activities that interest you. Add them to your calendar!	You don't have to attend all program events with your troop. Many of the events are perfect for you to attend on your own. Highlight or sticky note activities you are interested in and share these opportunities with your parents or caregivers.
2	Create your plan for the year on your own and with your troop. Use the calendar to plan around other events and activities!	You can also find out more about special Girl Scout dates, program ideas and receive additional support by following us on social media and frequently checking for new programs at https://bit.ly/GSBDCActivities .
3	Discuss which Girl Scout Journeys and badges you and your troop are interested in earning. Write down badge and Journey goals!	If you are a Girl Scout in grade 5 or above, you may want to create a longer term plan to help you earn higher awards. 
4	Look for program activities that complement your troop's plan.	If you see a badge icon - like this one - in an activity description, you will earn a badge at the event. If you don't see one, that doesn't mean that you can't make a connection yourself and use the skills you learn toward a new badge.
5	Create a budget for the year that matches your troop's plan. Set goals for the Fall Product and Cookie Programs!	Use the money you earn during the Fall Product and Cookie Programs to pay for all that you do in Girl Scouting: from fun program activities to paying for your annual membership.
6	Register for fun program activities and add them to your calendar!	Check the Activity Finder (https://bit.ly/GSBDCActivities) for details on each event and registration procedures.
7	Attend the activities you and your troop register for and debrief afterward.	As a troop or on your own, reflect on your experience and use your observations to make decisions about future events. Share your photos with us on social media or at marketing@BDGSC.org . We love seeing you and your troop participating in fun adventures!

Girl Scouts is the premier organization for girls and provides quality experiences for girls and their families.

The program sets a rock-solid foundation for girls to navigate relationships, discover themselves and develop the skills they need to create the life path ahead. In that spirit, Girl Scout programs support K-12 girls in building strong life skills so they can:

- Build a strong sense of self
- Shape positive values
- Seek challenges and take appropriate risks
- Develop healthy relationships
- Contribute to the world in a purposeful and meaningful way

Girl Scouts of Black Diamond is a leader in creating adventure and leadership experiences layered across many topics that are appealing and help girls and families achieve their goals. For example, science, technology, engineering and math (STEM) learning continues to be a strong way to develop good critical thinking skills. The Cookie and Fall Product Programs help girls develop entrepreneurial abilities, and outdoor experiences help girls take appropriate risks, building confidence!
