

VIRTUAL GIRL SCOUT LAB

Because of Her Virtual Girl Scout Lab April 7, 2020

To complete the Virtual Girl Scout Lab Activities, you must join the GSBDC - Girl Scouts Facebook Group or the GSBDC - Parents and Volunteers Facebook Group. Then, join the Virtual Lab Event in the group you joined. Complete three out of five activities.

Jane Goodall

1. Learn about the differences between monkeys and apes and take the ape versus monkey quiz by clicking here. Create a drawing of a monkey or an ape and share your drawing in the Virtual Girl Scout Lab.
2. Learn how to talk like a chimpanzee by clicking here. Share what you have learned by making a video clip of you speaking like a chimpanzee and post it in the Virtual Girl Scout Lab.
3. According to the World Wildlife Fund, one of the biggest threats to chimpanzee habitats is deforestation caused by the harvesting of trees for wood and paper products. Work with your group to come up with a plan to use less paper. Create a poster that promotes ways to conserve resources like water and electricity, and share a photo of your poster in the Virtual Girl Scout Lab.
4. Jane founded a program called Roots and Shoots, which encourages young people to identify a problem in their community that affects people, animals or the environment. Make a post in the Virtual Girl Scout Lab and discuss a problem your community faces that affects one of these groups. In your post, discuss your plan of action to help with your problem. Comment on your sister Girl Scouts posts and share some thoughts or ideas to help with their community problem.
5. Check out zoo webcams by clicking here. Post about your favorite virtual zoo experience in the Virtual Girl Scout Lab.

THERE IS POWER IN EVERY GIRL

Girl Scouting builds girls of courage, confidence, and character, who make the world a better place. Join today at www.bdgsc.org/join. If you would like more information, contact our Customer Care Team at (304) 345-7722
